# The new face of reliability

## Nordberg and Svedala have merged into Metso Minerals

www.metso minerals.com

Nordberg and Svedala have embarked on a new phase in the rock and minerals processing industries by creating Metso Minerals – an innovative global market leader in the supply of process equipment and related services.

By combining resources, we are able to provide you with a presence closer to your operations around the world, a broader service and parts offering, and quality products to improve the efficiency of your process. The trusted names, Svedala and Nordberg, will continue as trademarks of Metso Minerals.

We now have over 500 locations and distributors with hundreds of professionals in over 100 countries and on all continents. As Metso Minerals product specialists, we are on hand to ensure the continuation and development of your operations now and in the years to come.
